1 Introduction

1.1 Purpose

This is a user guide for the Medi-Cal Provider Website Application.

2 Medi-Cal’s Provider Website Landing Home Page

Medi-Cal’s landing home page for providers has a secure log in for providers to register online. Every provider will have a unique account that will allow them to access multiple practice locations. The features on the landing home page are listed below (see Fig: 2.a).

- Username and Password field for Secure Log In
- Register Link
- Reset Password Link
- Username Reminder

Provider Website Landing Home Page:

![Fig: 2.a: Medi-Cal’s Provider Website Landing Home Page](image-url)
3 Registration on Provider Portal

Medi-Cal providers can register themselves by clicking the “Register” link available on the Medi-Cal Provider Website Landing page. The first provider who registers for a particular Business Entity (Provider ID) will be assigned as an Administrator, by default, and will have special Administrator rights. Additional providers who register using the same Business Entity (Provider ID) will be “regular users” of the provider website and will be granted limited access.

3.1 Steps for Registration: Positive Scenario

Step 1:

Click the “Register” link (see Fig: 3.1.a).

![Fig: 3.1.a: Medi-Cal's Provider Website Login Page – Registration Link]

Step 2:

The “Verify User │ Registration” page displays. A red asterisk (*) indicates a required field. Enter your information in the following required fields. Providers who do not have a Billing NPI Number can register using their Medi-Cal Provider ID by clicking on ‘Click here if no registered NPI’

- Business Name as it appears on your Explanation of Benefits (EOB)
- Billing NPI Number
- TIN

The following fields are optional:

- Provider First Name
• Provider Last Name

Click the “Continue” button to continue the registration process. Click the “Cancel” button to close the page and return to the “Login” page (see Fig: 3.1.b).

![Verify User | Registration](image)

**Fig: 3.1.b: Verify User Registration Page**

**Step 3:**

After clicking the “Continue” button, the system goes to the next page in the registration process.

The system populates the Provider Business Name, Billing NPI Number and Provider TIN entered in Step 2. The optional fields (Provider First Name and Provider Last Name) only populate if you entered the information in Step 2.

All the fields listed below are mandatory and must be completed (see Fig: 3.1.c).

- Username
- Email Address, Confirm Email Address
- First Name, Last Name
- Password, Confirm Password
- 2 Security Questions and Answers
- Check Box for the Terms and Conditions
- Check Box for CAPTCHA

The First Name, Last Name and Email Address fields are used for verification of the Username Reminder.

---

Fig: 3.4.t: Username Reminder Screen
Click the “Send me a reminder” button and the following message displays (see Fig: 3.4.u).

You receive an email that contains your username (see Fig: 3.4.v).
4 Provider Secure Log In

The Provider Website has a Secure Log In, where you are asked to enter your Username and Password. This is the same screen you used to set up your online account. If the values match, you are granted access. If the values do not match, an “Invalid Credentials” error message displays (see Fig: 4.a).

You are allowed a maximum of 3 failed attempts to log in. More than 3 failed attempts to log in will automatically lock your account, and an error message displays. However, you are given an option to unlock your account (see Fig: 4.b).
4.1  Account Unlock Flow

4.1.1  Scenario 1: Provider is successful in unlocking account by answering only 1 security question.

**Step 1:**

You can unlock your account by clicking the “Unlock Account” link (see Fig: 4.b). The system goes to the “Unlock Account” page where you enter your User Name to validate your credentials (see Fig: 4.1.1.c). Click the “Continue” button to validate your credentials and go to the next page.

![Unlock Account Screen](image)

*Fig: 4.1.1.c: Unlock Account Screen to Validate Credentials – Provider to Enter Username*
Step 2:
You must answer the security question you set during account creation (see Fig: 4.1.1.d). Click the “Continue” button. The system verifies your answer and goes to next page.

Step 3:
After successfully verifying your security answer and identity, the system unlocks your account and you can log in (see Fig: 4.1.1.e).
4.1.2 Scenario 2: If Provider answers the 1st Security Question incorrectly.

Step 1:
Enter your username, which will be validated (see Fig: 4.a). The system goes to Step 2. Enter the answer to your security question.

Step 2:
Enter the answer to the security question you set up during account creation. To verify your identity and go to the next step, click the “Continue” button (see Fig: 4.1.1.b).

Step 3:
If the answer is incorrect, the system goes to next screen and you answer your second security question (see Fig: 4.1.2.f).

Fig: 4.1.2.f: Unlock Account Screen to Validate User – Second Security Question

Step 4:
After successfully verifying your security answer and identity, the system unlocks your account and you can log in (see Fig: 4.1.2.f).
4.1.3 Scenario 3: If Provider's Username is not verified.

If you enter an invalid username, you are not validated. A “User Not Found” error message displays (see Fig: 4.1.3.g).

![Unlock Account Screen to Validate User – Incorrect Username Entered](image)

Fig: 4.1.3.g: Unlock Account Screen to Validate User – Incorrect Username Entered

4.1.4 Scenario 4: If a Provider is unable to unlock their account by entering invalid security answers for both questions.

If you do not answer your security questions correctly, the system goes to the “Unlock Account” page where you are instructed to send an email to DCALWebMaster@delta.org because your account was not validated (see Fig: 4.1.4.h).

![Unlock Account Screen – Unable to Validate User, Send Email to Unlock Account](image)

4.2 Password Reset Flow

If you want to reset your password, select the “Reset Password” link available on the “Provider Landing” page.

Fig: 4.2.1.j: Provider Website Landing Page – Reset Password Link

4.2.1 Scenario 1: A Provider successfully resets their password by answering only 1 security question.

Step 1:
If you click the “Reset Password” link, the system goes to the “Reset Password” screen and you enter your User Name to verify your identity (see Fig: 4.2.1.j). Click the “Continue” button to verify your User Name. If the User Name is valid, the system goes to the next page.

Fig: 4.2.1.j: Reset Password – Provider Identification by Entering Username
