## *Monthly Provider Handbook Updates*

Beginning April 2010, the Denti-Cal Provider Handbook will be updated monthly instead of quarterly. Program and policy changes announced in monthly bulletins will be incorporated monthly to ensure the Handbook contains the most current information. The updated Handbook pages will be included with the bulletin as an attachment.

Although certain sections of the Handbook may change each month, Denti-Cal will continue to release the Handbook in its entirety containing all of the monthly updates for that quarter on the [Denti-Cal Web site](#) by the end of each month following the quarter, i.e. April, July, and October.

## *New Bulletin Design*

Denti-Cal is pleased to announce that it will be posting a redesigned bulletin beginning with the April 2010 bulletin release. The updated bulletin layout is more engaging and provides easy access to information.

Look for future communications with more information about the new look of the Denti-Cal bulletins.
